

Wolfpack Cheer

Vision Statement

The vision of the North Paulding Megaphone Club is to uphold the pride and tradition of North Paulding High School by offering our student-athletes a cheer program of the highest quality.

Mission Statement

The North Paulding Wolfpack Cheer Program strives to empower our athletes to be leaders in which all members use their abilities and minds to care about their fellow students, athletes, fans and alumni. It is our mission to encourage our athletes to succeed academically and graduate as strong leaders in the community. Our goal is to provide the best athletic experience possible at a local and regional level while mentoring our cheerleaders to set goals for personal, athletic and academic growth by promoting an environment that fosters values, integrity, excellence, and respect.

WolfPack Pride:

Communication between pack members allows wolves to care for each other, defend their common territory, and cooperatively overcome diversity as a team rather than individually in order to assure program success.
